

Arterra Wines Canada Receives Sustainable Winery and Vineyard Certificate on behalf of Ontario Craft Wineries and Grape Growers of Ontario

Mississauga, ON (August 24, 2023) Arterra Wines Canada is proud to become a Certified Sustainable Winery and Vineyard, as part of the Sustainable Winegrowing Ontario Certified program. With a focus on Environment, Economy and Community, Sustainable Winegrowing Ontario Certified wineries and vineyards are caretakers of the land, good community partners, climate action leaders, and invested in social equity and diversity.

“At Arterra, we’re committed to doing our part to create meaningful change in the communities where we work and live,” said Levi de Loryn, Director of Winemaking. “This certificate is a testament to the hard work and dedication our teams have demonstrated to raise the bar on our environmental commitments, and we are honoured to be recognized alongside likeminded winemakers and grape growers.”

Arterra’s commitment to sustainability runs deep. Last year Arterra proudly partnered with the Niagara Peninsula Aspiring Global Geopark to help secure a UNESCO Global Geopark designation, and more recently Arterra became the first beverage company in Canada to be part of the United Nations Global Compact. This most recent Sustainable Winery and Vineyard certificate from OCW and GGO further cements our position as environmental stewards in the Canadian wine industry.
